brazilfound Esta semana, Tom Brady (@tombrady), considerado o maior jogador de futebol americano, anunciou sua aposentadoria após 22 temporadas na liga de futebol americano e sete títulos do Super Bowl. Além de um grande atleta, Tom se dedica há anos a apoiar causas sociais ao lado da esposa Gisele Bündchen (@gisele), filantropa e ativista ambiental.

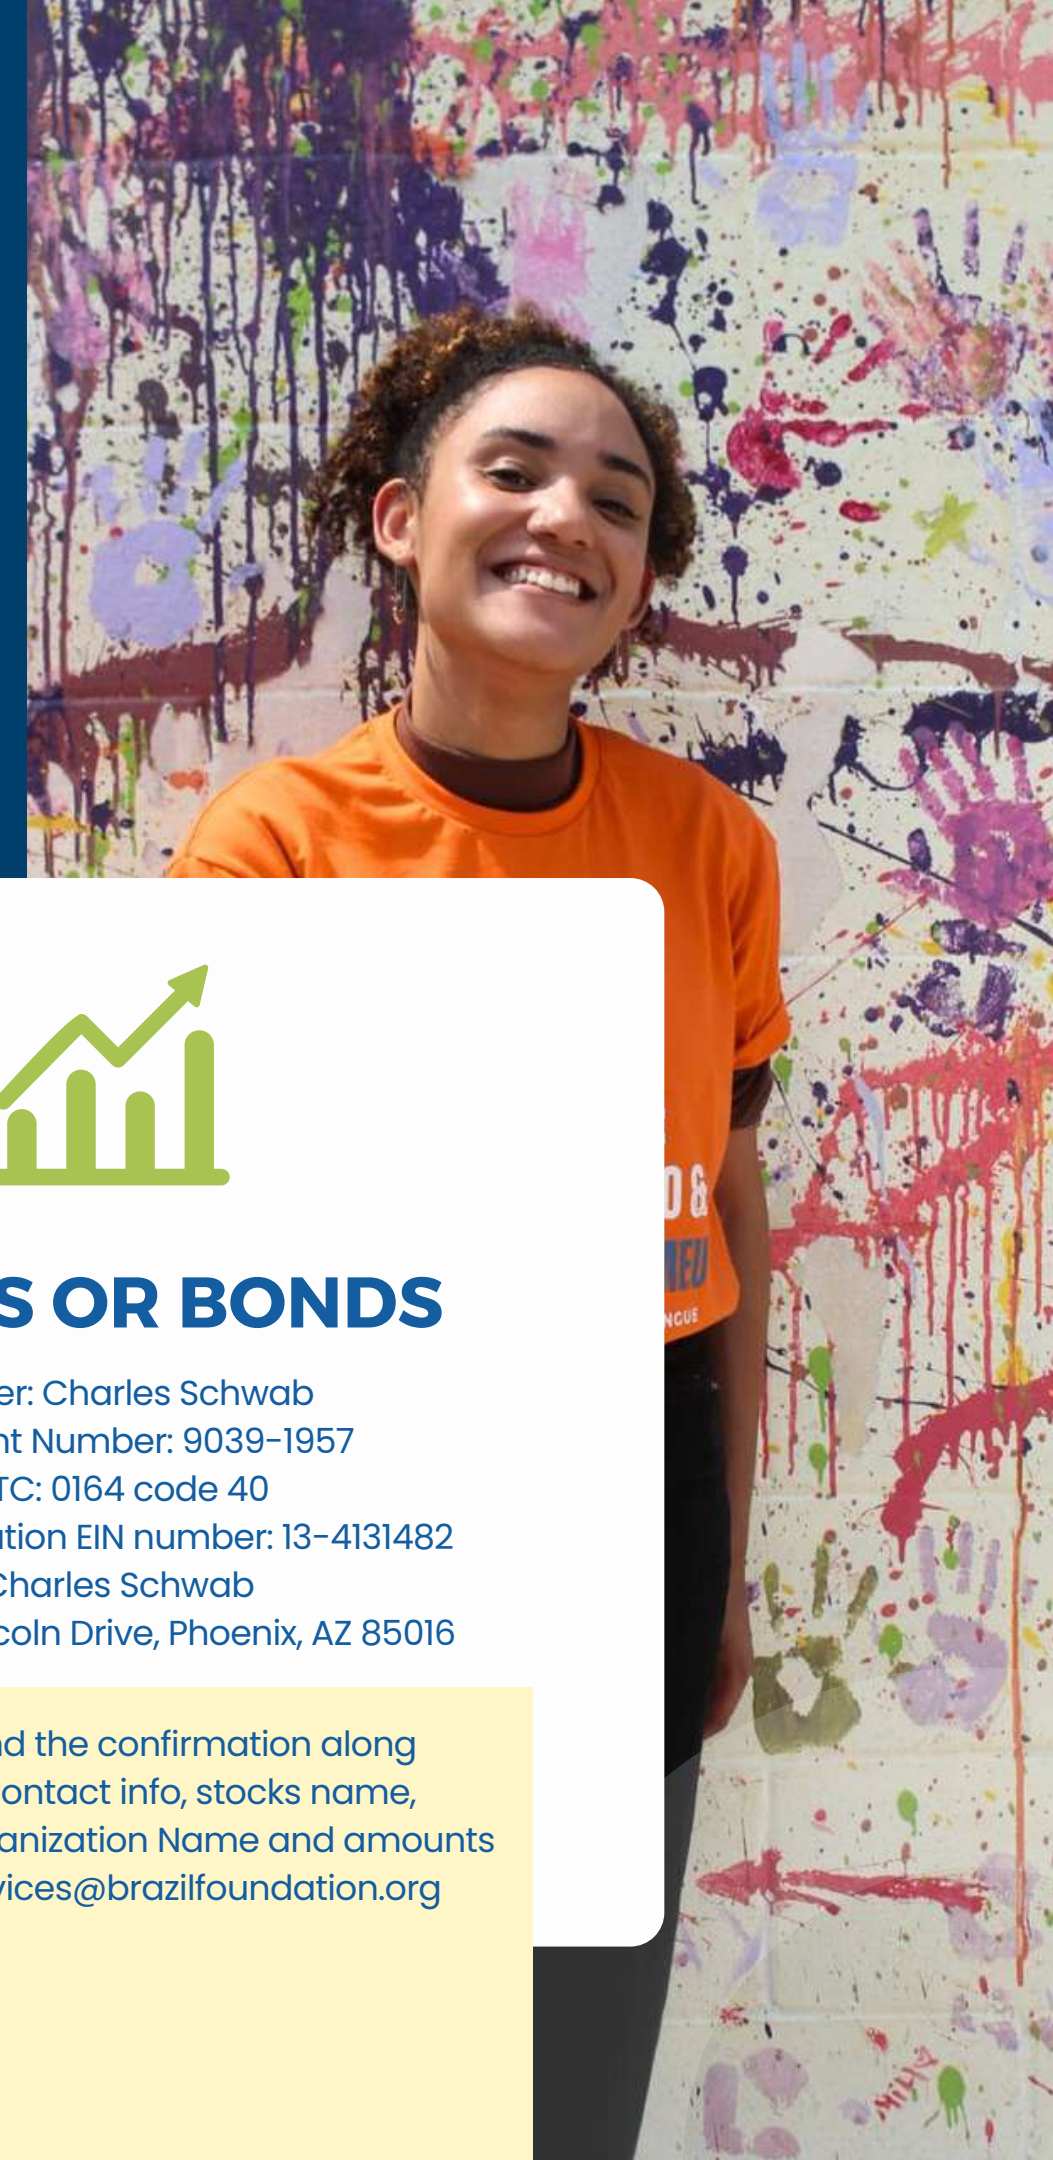

Gisele, que já havia apoiado nossos esforços em 2010, criou em 2020 com a BrazilFoundation o Fundo Luz Alliance para apoiar famílias vulneráveis na pandemia. Ano passado, recebemos um grande apoio de Tom em nosso Jantar filantrópico que arrecadou recursos para combater a fome no Brasil.

This week, Tom Brady (@tombrady), considered the greatest American football player, announced his retirement after 22 seasons in the NFL and seven Super Bowl titles. Besides being a great athlete, Tom has dedicated years to supporting social causes alongside his wife Gisele Bündchen (@gisele), a philanthropist and environmental activist.

Gisele, who had already supported our efforts in 2010, created the Luz Alliance Fund with the BrazilFoundation in 2020 to support vulnerable families during the pandemic. Last year, we received significant support from Tom at our philanthropic dinner, which raised funds to fight hunger in Brazil.

Example 1: High-Income Individual:

John is a high-income individual, with a combined income of \$500,000 with his spouse. Without considering any deductions, let's assume his tax liability is approximately \$150,000.

If John decides to donate \$50,000 to a qualified charitable organization, he can deduct this amount from his taxable income. **As a result, his taxable income will be reduced to \$450,000, and his tax liability will be adjusted accordingly, resulting in a lower tax bill.**

Example 2: Donating to a Donor-Advised Fund as an International School Owner:

Lisa owns an international school in the U.S. and earns \$400,000 a year. She decides to set up a donor-advised fund (DAF), which helps her give back to education while getting a tax break.

Lisa donates \$50,000 to the DAF, targeting scholarships for needy students. This move counts as a charitable donation, so Lisa can reduce her taxable income by \$50,000. This not only supports education but might also lower her taxes based on her overall income and deductions.
